

RESOURCES FOR BIBLE QUIZZING

1. Rulebooks for CGGC quizzing
Free download from www.cggc.org – Go to departments, Youth and Family Life, quizzing.
2. Computer program for making questions for practices.
\$9.95 from www.acmequiz.com - this is a great and cost effective resource. This is the same program we use to create all of the quizzes used in National tournaments. Plus it is a limitless supply of questions. From the Acme website you can purchase a liscence that allows you to download their program or have it sent to you on a CD in the mail. Be sure and select the Churches of God version of the material. (The program that you can then access also has games and other tools that you can use to study. This is a good quizzer resource, as well as coach or director resource.) Acme also carries color -coded scripture portions with (\$9) and without (\$3.50) concordances.
3. The traditional Blue and Yellow question books.
These can be ordered from the conference office. Email publications@cggc.org
The yellow books are interesting study guides for your quizzers. The blue books are convenient for coaches for quiz practice. Both of these have less questions than the Acme database, but are convenient in that they are already all printed for you. Both the yellow and blue books cost about \$10 each.
4. Simple scripture portions
These can be ordered from the conference office. Email publications@cggc.org
They cost about \$2.00 a piece.
5. Scripture portions with a full concordance
These can be ordered from www.youthquiz.com This is not a CGGC website so much of their other quizzing materials will not be accurate for our quizzing purposes. However the carry the cheapest scripture portions with concordances for about \$7.00 each. They also carry the Yellow and Blue quiz books we use.
6. Memory verse list
The memory verse list can be found in the back of the traditional yellow books, or can be accessed through the ACME quiz site if you purchase a liscence for the program. (Make sure you have a current list, as they sometimes change from year to year.) (If you need a list and choose not to purchase either of these resources, email Rachel to obtain a list.)
7. Score sheets
The score sheets we use can be downloaded free from www.cggc.org
